James stared.

Jason stared.

Lars licked his lips.

Kirk stood with his back to them, bent over an amp, restringing his guitar after he had broken two strings during rehearsal.

He swore under his breath as the strings repeatedly got lose again.

His band mates didn't want him to successfully finish his work too soon.

They already drooled at the sight of Kirk's ass in those tight leather pants.

Lars held out three straws in his fist.

Jason pulled the longest straw.

Groaning, the others left.

Kirk squealed as his ass got gripped.

"Let me help you," Jason offered, grinning.
